

IWebSocketClient

```
classDiagram
    class IWebSocketClient
    class ClientSocket
    ClientSocket --|> IWebSocketClient
```

The diagram illustrates a class inheritance relationship. At the top is a white rectangular box labeled 'IWebSocketClient'. Below it is a gray rectangular box labeled 'ClientSocket'. Two blue arrows point upwards from the 'ClientSocket' box to the 'IWebSocketClient' box, indicating that 'ClientSocket' inherits from or implements 'IWebSocketClient'.

ClientSocket
